Description: "In Gonick's work, clever design and illustration make complicated ideas or insights strikingly clear."—New York Times Book Review
Larry Gonick, master cartoonist, former Harvard instructor, and creator of the New York Times bestselling, Harvey Award-winning Cartoon Guide series now does for calculus what he previously did for science and history: making...

Review: This book explains Calculus on an easy to understand level. It does not have worksheets and exercises, but that is not the point. The point is that anyone can learn about Calculus. If you only learn the mechanics of how to solve the problems, you will end up lost, but this book prevents that....
